Smart Nightlight -- Warm soft glow of bed light will turn on to guide you safely across the room in the dark with no disturbing glare to wake others. Power Saving; Only lights up when it picks up your movement. Automatically shuts off after leaving. This further improves power efficiency and saves energy.

Motion Activated -- Built-in human body passive infrared (PIR) motion sensor light with automatic shut-off timer. Automatically activates by human induction when dark.

Adjustable Time -- Motion Sensor Auto Shut-off Timer can be set to 30, 130 or 380 seconds.

Multi-Purpose -- Safely guides you through the dark. Can be installed anywhere you need extra light. Not only acts as an under the bed lamp, but also covers a wide range of home applications like stairways, cabinets, sofas, other furniture, etc.
