

Cell Phone Adapter Bluetooth Cellular Gateway

NO Landline - NO Problem If you have a cell phone with Bluetooth capability you also have a landline for your medical alert system or other uses.

Many Uses:

- Connect a Medical Alert for emergency dialing with your cell phone
- Answer incoming calls from your cell phone with a normal phone
- Save money by not having a landline

The Cell Phone Adapter lets you make and receive cell phone calls on any phone in a home or small office. Using Bluetooth wireless technology, the adapter pairs to your cell phone. When your cell phone rings, all the phones plugged into the back of the adapter will also ring. You can also make outgoing calls from any phone plugged into the adapter **using the cell phone connection**. If you need a landline for your medical alert system, this is also the answer. Just plug your medical alert system into the phone jack in the back of the adapter, pair the adapter to your cell phone and you are ready to call.

Cut the Land Line, Keep the Convenience

Only \$89.99 U.S. + Sales tax/Shipping
