

Totally Voice Activated Phone Dialer

Dialing a phone with the sound of your voice is an amazing feature.

The freedom of being able to dial a telephone without having to see and press the buttons allows those with mobility issues to access the telephone like never before.

Speak and dial technology. Now how great is that !

ONLY \$249.98 - \$269.99 US + Shipping/Handling

*Prices are Subject to Change Without Notice

ITEM # ats1066 and ats1067

Compare the Models:

Item #	Maximum names stored	Dials by
ATS1067	45	Spoken names or numbers
ATS1066	60	Spoken names only

If you, a friend or a loved one has difficulty seeing or pressing buttons this is the solution you have been waiting for.

Makes a great gift !

With 'voice prompts' this dialer is easily programmed. The 'voice' will instruct you through the entire setup process. (Prompts can be set to English, Spanish or French)

Let the dialer do all the work and remember everyone's phone number for you. Just *speak and dial*.

How does it work? Easy.

Step 1. Pick up your receiver on your phone.

Step 2. Speak the name of the person you want to call.

Step 3. The dialer starts calling the number for you.

It's that easy.

What if you want to call a phone number that is not in your directory?

Not a problem. Just say the phone number and off you go (model ATS1067). The dialer will dial the numbers that you spoke into it.

How many digits can the dialed phone number be? This dialer will dial a phone number up to 45 digits long. Great for long distance numbers, international numbers and calling card numbers. You can even include the pauses between numbers for calling card numbers if you need to.

How is this device installed? Simple, just plug it in between your telephone and the wall jack.
