Retail Price $319.99
*** Special ONLY $299.99
Free Shipping (U.S. Orders Only)
Benefits:
- No monthly monitoring charge
- The easiest way to make SOS call - Automatic SOS call
- Dials automatically if the system detects the person has fallen down (Man Down function)
- No need to “shout” to the base - complete 2 way voice communication right through the panic button.
- Very Small Panic button 2.2" X 1.5" X 0.6"
- Light Weight - it only weighs 2 oz.
- The user can wear the panic button while washing hands or taking a shower (complies with IP-57 waterproof standard)
- Very user friendly - voice prompts for most operations.
- The system speaks to you guiding you through setup features.
- Persistent contact. This system will continue calling your contacts until someone answers the call or the call is cancelled by the user.
- Can be worn around the neck with a lanyard.
- Optional wrist strap and belt clip is also available.

Features List:
- 2 way communication through panic button
- Simple operation : push one SOS button on the panic button for emergency calling
- Automatic speakerphone during SOS calling (Talk directly through the panic button)
- Dedicated SOS call flow logic
- Voice prompt for ease of operation
- Water proof IP-57
- Low battery alert - Long standby time
- Back up battery (using rechargeable AAA batteries - not included)
- Automatic fall down detection (to activate Alert Dialing)
- User can answer any incoming call or make and outgoing call by simply pressing the big button, or cancel the call by pressing the small button
- Priority for SOS call - block all incoming call during SOS mode
- SOS call will continue until it is being answered
- Able to detect answering machine / voice mail from receiver (depends on operator system)
- Voice prompt announcement for most operation status (English, French - selectable by end user)
- BIG SOS panic button to activate telephone call according to preset telephone number
- Ringing Panic Button - when an incoming call is received the Panic Button will ring. This feature can be turned on/off for each Panic Button.
- Pill alarm for reminder to take medicine
- Easy system check to ensure security (this includes battery capacity, power supply, telephone line, distance, out of range etc.)
- Low battery alert, out of range alert, no power and no telephone line alert (Both LED indication and voice announcement)
- Range is about 600 foot range (open area - your environment may effect actual distance)
- Maximum loudness allowing elderly to hear
- Back up battery compartment (4xAAA NiMH battery - not included)
- DECT digital technology provides the best digital and clear voice communication available today
- Each base station can register maximum 2 pendants
- Set up 3 SOS numbers independently (each pendant can dial 3 of their own phone numbers;)

Easy Installation
- Connect to standard telephone line with the base station (Optional Cell phone usage with Bluetooth adapter if you have no phone line)
- Connect wall power adapter with the base station
- Place the pendant onto base station for charging
- Set up date / time, and maximum 3 SOS telephone numbers
- Extra phone jack in back of unit so you can plug another telephone into this system
