Item # *ats4386-II*

Audio/Video Door Answering System

The first of its kind, this two-in-one cordless answering system and video doorbell combines a versatile phone system with a digital camera, for convenience and security at home.

Front Porch Video Screenings

Like Caller ID for your front porch, this video doorbell allows you to screen visitors before answering the door, without worry of being seen. Battery operated video doorbell – no cords to run and waterproof. Comes with optional power supply (no changing of batteries)

Take a snapshot, or stream video

The system automatically snaps a photo and sends it to the handsets when visitors ring the doorbell. You can then stream video, audio or both with just two buttons. Stores 100 photos.

Space Savings

Many home monitoring systems are bulky and expensive, taking up valuable space throughout your home. But with this system, you get a fully featured cordless phone with top surveillance features—and one less thing competing for counter space.

Handset Display

1.8-inch Color Display on handset

Telephone Answering Machine

Talking Caller ID – Call Waiting – Stores 50 Calls – Handset Speakerphone – Backlit keypad and display – Quiet Mode to turn off ringing and doorbell announce – Expandable up to 10 handsets and 2 cameras – Dect 6.0 Digital Technology – Up to 14 minutes of recording time (total message recording time for all messages) – 50 Name and Number Phonebook – Intercom between handsets – Conference Calling – Voicemail Waiting Indicator – Trilingual Prompts – Volume Control – Mute – Auto Answer – Table and Wall Mountable – Last 10 Number Redial and MORE!

Customer Comment:

"WOW, I can see and talk with delivery people at my door without having to wheel my wheelchair over to the door anymore, thanks for this" Mary L. - FL
