The amount of time for the application review and funding will vary but usually takes 20-30 days at a minimum. If we are not funded for a free medical alert system at the time the system may not be shipped until we are funded. The amount of time cannot be determined. There are no guarantees that any systems will be provided based on funding at the time. All information must be included and mailed. No email requests will be taken

Assistive Technology Services is a Christian based organization and provide these systems with funding from many sources with matching funds from our organization. We rely heavy on the honesty of those requesting these system since there is a huge expense in providing these to the truly needy.
