Allow Emergency Access in the event of a Medical Alert Call!

If you have a Medical Alert System and you call 911 and are unable to get to the door the normal response from the emergency service is to break your door down.

You can provide the combination of this door lock with hidden key on your message to them on your Medical Alert System and they will unlock your door instead of breaking it down.

This all-metal key storage lock box that is the safest, most secure lock box on the market.

Separate combinations open the shackle and key compartment -- and the combinations can be changed in seconds.

All Metal - No plastic buttons or dials exposed to climate conditions!

Zero Locking Open the Lock in the Dark! Simply roll the dials up until they stop at zero and then count your numbers up from there.

Don't give out your keys anymore!

Stay safe and secure.
