Can hold up to 800 pounds.

Just getting in and out of a chair can be so painful and difficult for some. This is the answer!

The Swivel Seat turns 360^o allowing you to position yourself how you want and then move to the position you need.

The Deluxe Swivel Seat Cushion is 15" in diameter. Easily portable ... Take it with you!

Special Notes:

The Swivel Seat will raise the seated person up to $1\frac{1}{2}$ ", an important consideration if it is to be used by a driver.

The Swivel Seat is not as comfortable as a regular car seat. We do not recommend using it for long distance trips.

While the base is flexible, it may not work as easily on deep bucket seats.
